Waste Not Recycled Art is dedicated to the environment, and while we know we can't save the world, we are proud of the impact that we make in our community.

We use reclaimed and recycled products, even though it's more work to pull nails, fill holes, preserve items, sand down paint, and clean the rust. Anyone can buy wood, but we pull it from construction dumpsters and torn down homes, so we can prevent it from going to the landfill unnecessarily.

In the same respect, we do not cut down trees in our creative process. We simply stalk the tree trimmers, builders, and home renovators.

Distressed and Vintage can be beautiful- and that's where we come in! We're proud to say that every piece that we produce, is **HAND-MADE IN AMERICA!**
